REFUND POLICY

- 1) A student may be entitled to a refund of tuition fees in the event that:
 - (a) The student provides written notice to the institution that he or she is withdrawing from the program; or
 - (b) The institution provides written notice to the student advising that the student has been dismissed from the program.
- 2) The written notice of withdrawal or dismissal may be delivered in any manner provided that a receipt or other verification is available that indicates the date on which the notice is delivered.
- 3) The notice of withdrawal or dismissal is deemed to be effective from the date it is delivered.
- 4) The refund to which a student is entitled is calculated on the total tuition fees due under the contract. Where total tuition fees have not yet been collected, the institution is not responsible for refunding more than has been collected to date and a student may be required to make up for monies due under the contract.
- 5) If the institution has received fees in excess of the amount it is entitled to under the student contract, the excess amount must be refunded.
- 6) If the student received a tuition discount, the discount is rescinded, and full tuition must be paid before any tuition refund will be issued.
 - ie. If the student paid \$8500 in tuition, an additional \$1000 will be owed to the institution. The money owed to the institution will first be deducted from any refund owed to the student.
- 7) **Refund policy for students:**
 - (a) Refunds before the program of study begins:
 1. If written notice of withdrawal is received by the institution 30 days or more before the commencement of the period of instruction specified in the contract and more than 7 days after the contract was made, the institution may retain 10% of total tuition only due under the contract to a maximum of \$1000.
 2. Subject to Section 6(a)(1) above, if written notice of withdrawal is received by the institution less than 30 days before the commencement of the period of instruction specified in the contract, and more than 7 days after the contract was made, the institution may retain 20% of the total tuition only, due under the contract to a maximum of \$1300.
- 8) **Refunds after the program of study starts:**
 - (a) If written notice of withdrawal is received by the institution or a student is dismissed before 10% of the period of instruction specified in the contract has elapsed, the institution may retain 30% of the tuition due under the contract.
 - (b) If written notice of withdrawal is received by the institution, or a student is dismissed after 10% and before 30% of the period of instruction specified in the contract has elapsed, the institution may retain 50% of the tuition due under the contract.
 - (c) If a student withdraws or is dismissed after 30% of the period of instruction specified in the contract has elapsed, no refund is required.

- 9) Where a student did not meet the institutional and/or program specific minimum requirements for admission through no misrepresentation or fault of their own, the institution must refund all tuition and fees paid under the contract, less the applicable non-refundable student application or registration fee.
- 10) Where a student withdraws or is dismissed from their program, they are entitled to 100% refund of any as-yet to be received consumables that have been pre-paid.
- 11) Where a student withdraws or is dismissed from their program after receiving technical equipment from the institution free of charge:
 - (a) The student must return the equipment unopened or as issued within 14 calendar days; and
 - (b) If the student fails to return the equipment as set out above, the institution may deduct the reasonable cost of the equipment from any amount to be refunded to the student.
- 12) Refunds owed to students must be paid within 30 days of the institution receiving written notification of withdrawal and all required supporting documentation, or within 30 days of an institution's written notice of dismissal.
- 13) Where the delivery of the program of study is through home study or distance education, refunds must be based on the percent of the program of study completed at the rates as set out in Section 7 above.
